# EXTREME

First product line EXTREME from Czech brand HUSKY offers highly durable tents, that are suitable even in the most demanding natural conditions. They are equipped with an outer, lightweight, duralumin construction that guaranteed stability in strong wind. In the winter, these tents have snow collars. High-quality and modern materials with a high water repellency ensure comfortable nights even in heavy snow or rain. Tents from EXTREME product line are designed especially for alpine tourism and expeditions.

# DOWN

Product line DOWN combines sleeping bags that have very good filling from goose down. This filling has perfect heat insulation values and lowers the weight and the volume. All sleeping bags are very durable thanks to high quality materials that were used. These bags are best to be used for extreme weather conditions such as very cold temperatures. All of them have inner heat collar, anti-slippery straps, adjustable hood and other usable features.
